

INDUSTRIAL DESIGN SEMINAR
Strategic and Systems Design, Processes and Methods
Estonia, Tartu

	Time	Topic	Special remarks etc.
	9:00 – 9:30	An Overview of Industrial Design	
	9:30 – 10:30	From Analysis to Problem Definition and Design Requirements	
	<i>10:30 – 10:45</i>	<i>Break</i>	
	10:45 – 11:15	Development of Principle Solutions and Idea Generation	
	11:15 – 12:00	Scenario Planning as a Tool for Idea Development	Small exercise
	<i>12:00 – 12:45</i>	<i>Lunch</i>	
	12:45 – 13:30	Challenges in Concept Development, Selection and Design Detailing	
	13:30 – 14:15	Downstream Design and Visualisation using CAD	
	<i>14:15 – 14:30</i>	<i>Break</i>	
	14:30 – 15:30	Strategic and Systems Design	
	15:30 – 16:30	Towards a Globalised Design World	
	16:30 – 17:00	Final Discussion
